

Support the Jack and Jill Childrens Foundation &

Pledge Your PC

- How It Works -

1. book a collection for your organisation's end-of-use computers* with our PC recycling partner Interrec
2. Interrec collects equipment, sanitises data, ethically recycles materials and re-uses where possible
3. Our charity receives funding from this process to help sick children in every county in Ireland

I can't express properly in words what having a Jack & Jill nurse come to mind our daughter means for us. If we didn't have this help either Ellen or I, or both of us, could end up in hospital unnecessarily. They are invaluable and literally Angels in our lives." Susan - Jack & Jill Mum

"Its hard to put into words what Jack & Jill means to us. Mainly though, it's a chance for us, in the most abnormal of family situations to be a normal family. With caring professionals to look after Erin, it gives us a chance to live and means that Erin is at home with us which means the world to us and our family". Eamon - Jack & Jill Dad

Jack & Jill provides home nursing services for approx 300 children in every country in Ireland and we have looked after 1600 children since 1997. Jack & Jill is the only Irish charity providing these services.

interrec

Nationwide collection service available
